Walter Afflitto

As you, the Class of 2007, take your place in the world beyond Abington Avenue, my wish for you is to achieve your goals and accomplish all you want to do.

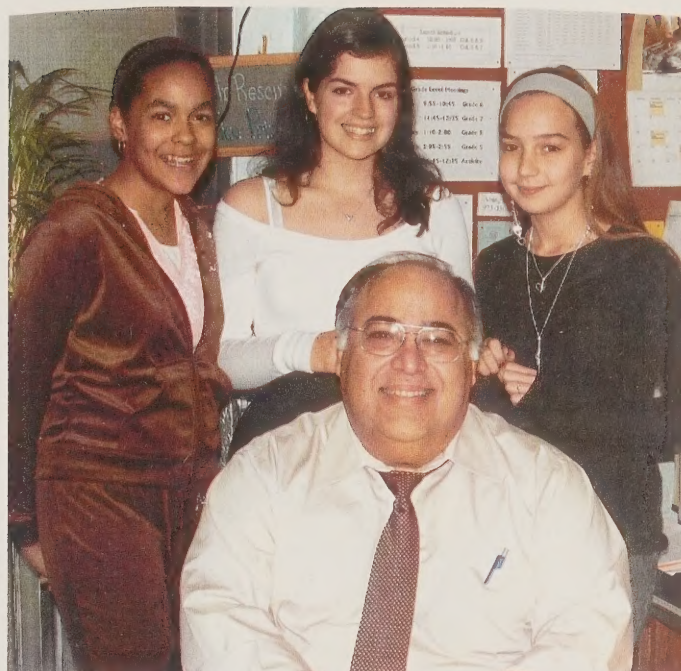

During your elementary years you have demonstrated your ability, respect and character. I know you will continue to display the same attributes in the future.

Good Luck, good health, and my very best wishes to all of you.

Mr. Resciniti

This is my first year assigned to Abington, and I am so impressed with all of the eighth graders. Now that you have completed the first phase of your education, remember what you have learned at Abington. As you take the next step into high school, I would like to wish you every success and happiness. Strive for the best and you will achieve your goals. Best Wishes to each and every eighth grader.

Philip J. Resciniti,
Vice-Principal

Enjoy the present and work hard to reach
excellence in all that you do!

In Memoriam

There is never a time that we don't have a memory of Jeanne. Her infectious laugh is always heard.

When she would register students and their parents did not speak English, she would talk louder, thinking they would be able to know what she meant.

Elvis, Elvis, Elvis, everything Elvis-calendars, chairs, coats, watches, etc. Is it time for chocolate cake?

Remember the time she put the candy, still in its wrapper, in the microwave?! Sparks EVERYWHERE.

This year the office is decorated in blue because we will definitely have "A Blue Christmas".

Although we have gone our "Separate Ways" you are "Always on Our Mind".

"Adios, Until We Meet Again"

I have many fond memories of Jeanne. However, my most unforgettable moment is the time we rearranged the office furniture. What should have been a five-minute task, evolved into a long and hilarious ordeal. Watching us trying to maneuver a 4x6 table through a 2x4 space was akin to watching a comedy routine. Our sides were splitting from laughing so hard. Whenever we reminisce, we crack up all over again.

Jeanne may have been taken from us, but I will always remember the laughs we shared together.

Dear Mr. Afflitto:

We are very pleased to inform you that based on the performance of your students on the state's standardized assessments, Abbingdon Elementary School has earned designation as a Benchmark School, 2006 by the Business Coalition for Educational Excellence at the New Jersey Chamber of Commerce. Congratulations on this spectacular achievement!

We can only imagine how hard you've worked to get Abbingdon Elementary School and the students to this level of performance, and we'd like to make sure your community appreciates the significance of your accomplishment. We have a large (2' x 4') indoor/outdoor banner for you to display on or in your building. We hope you will accept this as acknowledgement of the work you have undertaken in preparing your students to be the best they can be.

We will be releasing the complete list of 69 Benchmark Schools on April 25, 2007. Until this date, we must insist that you share this information only with your school leadership and that you do not inform the press. We will be coordinating media outreach so that all 69 of the Benchmark

Aishah Muhammad

You forfeit your chance for life at its fullest when you withhold your best effort in learning. When you give only the minimum to learning, you receive only the minimum in return. Even with your parents' best example and your teachers' best efforts, in the end it is your work that determines how much and how well you learn. When you work to your full capacity, you can hope to attain the knowledge and skills that will enable you to create your future and control your destiny. If you do not, you will have your future thrust upon you by others. Take hold of your life, apply your gifts and talents, and work with dedication and self-discipline. Have high expectations for yourself and convert every challenge into an opportunity.
